Students Celebrate Climate Change Victories!

Kelowna, BC - June 17, 2008 - Tigress Ventures Inc. is thrilled to announce the winners of the Climate Change Showdown. This Superhero training program challenged students in grades 5 and 6 to take action against climate change by altering and tracking everyday habits over the course of a month.

Rose Valley Elementary, on the Westside, won in all three categories; top school, top class, and top student. This group of environmentally conscious young people will get to celebrate their victory June 17, 12:00-1:30. As a prize to the school, local children's show, Cooking With Monkey, will host the party, which highlights a live musical performance by the Ootenoots and involves the students in filming an episode of their tv show. You can watch clips of the episode of Cooking with Monkey in early July on www.cookingwithmonkey.tv.

Cyclepath has donated water bottles and Mantra Venture Group has contributed carbon footprint rulers for winning class, Mrs. Connor's grade 5's students. Maddy Paterschuk, the winning student, will be awarded a brand new Boulder SE Mountain bike generously donated by Cyclepath for her tremendous efforts to change her and her family's habits.

The BC Sustainable Energy Association has created the Climate Change Showdown and offers the workshops in schools across BC thanks to generous contributions from Environment Canada, Vancity, City of Vancouver, Canada Mortgage and Housing Corporation, City of Coquitlam, City of Richmond and Epod Solar.
